Turkish Ministers expressed Türkiye's readiness to support the Indonesian Government's priority programs, including the three-million-housing project, and the development of the new capital Nusantara.

Furthermore, both sides agreed to encourage their private sectors to participate in and enhance technical cooperation in the fields of digitalization, artificial intelligence, semiconductors, information and communication technologies, health, energy, transport, infrastructure, connectivity and halal industry [while also encouraging the Turkish Wealth Fund (TWF) and Danantara to evaluate possible cooperation areas and joint investment opportunities.]

[They also welcomed ongoing discussions between competent authorities to start the negotiations for a Preferential Trade Agreement between Türkiye and Indonesia].

Ministers welcomed the signing of the new Memorandum of Understanding (MoU) on civil aviation between the two countries, on 23 October 2025 in Istanbul, which expands bilateral air services and enhances cooperation in the field as well as the new visa regulation of Indonesia, granting visa-free entry to Turkish citizens, as concrete outcomes of the first High-Level Strategic Cooperation Council Meeting (HLSC) held in Bogor on 12 February 2025.

Both sides emphasized the importance of establishing joint working groups and mechanisms to follow up on the deliverables of the first HLSC Meeting and to accelerate the ratification process of previously signed agreements in order to initiate the implementation phase.
